SO SMALL - SO STRONG**The portable PICO series from 140A-160A**

Step Controlled MIG/MAG Machines

MIRA: 200A-250A,
gas cooled, compact

SATURN: 250A-300A,
gas cooled, compact

WEGA: 330A-600A, gas and water
cooled, compact or with separate
wire feed unit

Mobile - Flexible - Powerful: The Portable Manual Metal-Arc (MMA) Technology

The portable Stick Series from 200A-450A

The Flexible Range Of Power For All Situations

Product overview

**WIG-DC and -AC/DC machines: 150A-450A,
gas and water cooled, portable and mobile**

Spatter - Free MIG/MAG - Pulsed Arc Welding

- **MIG/MAG pulsed arc welding machines:**
 - ⇒ **300A-500A,**
 - ⇒ **gas and water cooled,**
 - ⇒ **mobile and portable (300A),**
 - ⇒ **compact or with separate wire feed unit**

INTEGRAL PORTABLE

Dream Dimensions With Dream Performance

Product overview

INTEGRAL HIGHSPEED

In Pole Position with HIGHSPEED

Product overview

PLASMA welding

Always the best weld seam quality and optimum speed with EWM plasma welding: even with the finest applications

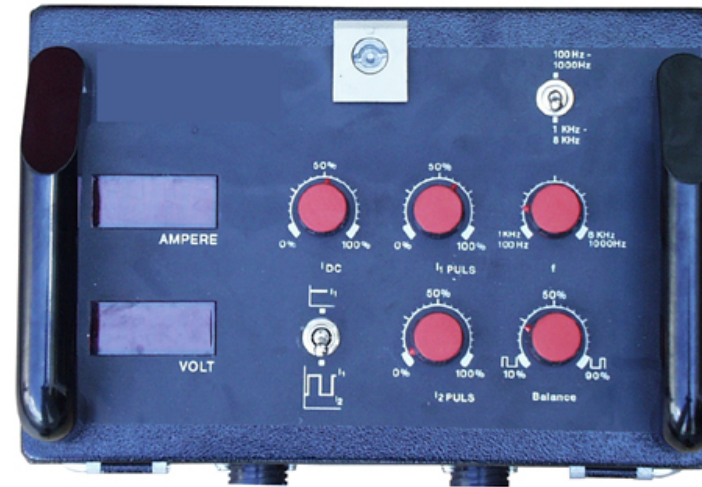

Microplasma: 20A-50A, portable

Plasma: 300A-450A, 300A and 400A with RC 124, water cooled, mobile

Special Customer Order

Example: 1000 A, 8kHz pulsed for high-speed tube production.
